In nominating candidates for Director, the Company's criteria for selecting candidates for Director include that persons are capable of making decisions and executing in accordance with the Company's corporate philosophy, are of good character, have effective communication skills, and have leadership qualities. For Outside Directors, the Company seeks persons from outside the Company who have experience as corporate managers of global enterprises, knowledge of technological development, and specialized knowledge in the fields of legal affairs, finance and accounting, etc., and moreover, are highly independent.

In selecting Outside Directors, the Company determines candidates, taking into consideration the balance of knowledge, experience, specialized fields, etc. of the Board of Directors as a whole.

As independent Outside Directors are the majority of the Company's Board of Directors, candidates for Director are selected from a neutral perspective. Nomination of candidates for Director requires review in advance at a meeting of independent Outside Directors to reflect their opinions.
