Dear Customer,

Dexerials Corporation

Thermal Conductive Sheet Products: End of Production Announcement

We would like to express our sincere gratitude for your continuous support.

We would like to inform that we will be discontinuing production of all thermal conductive sheet products.

In addition to the recent rise in raw material prices, the market downturns, and increased competition from overseas manufacturers, our business environment has changed drastically.

Despite our continuous efforts to reduce manufacturing costs, including labor expenses, we find ourselves in an extremely challenging situation that cannot be resolved by corporate efforts alone.

Furthermore, we will transfer our fixed assets and patents related to thermal conductive sheets to Sekisui Chemical Co., Ltd.

Thank you for your understanding.

Notes
